

SP SPORT 600

APPLICATION

A high-performance directional tyre with an advanced tread, designed to provide an ultra quiet ride, superior comfort and high mileage potential.

Feature: Modern high performance directional tread pattern.

Benefit: Offers exceptional performance under the most demanding driving conditions while delivering reduced noise levels and exceptional drive comfort

Feature: Four circumferential grooves

Benefit: Offers excellent straight line water evacuation

Feature: Solid centre ribs

Benefit: Provides advanced directional stability and steering response

Feature: Jointless Band Construction (JLB)

Benefit: Ensures that the tyre retains its optimum shape when cornering for maximum steering control.
