AT25-Manufacturer Tyre of Choice

New generation SUV/4x4 tyre with superior comfort characteristics and low noise generation geared towards OE specification.

Excellent on-road all round performance and good off-road capability.

The AT25 is currently specified as Original Equipment fitment on selected models of Toyota Fortuner and Hilux.

The **Grandtrek AT25** has proven itself globally as a top performer for the latest SUV and 4x4 vehicles with an on-road bias for comfort and performance.

The 'zig zag' design on the main groove enhances off-road traction capability.
The inclusion of additional sipes help reduce noise by reducing the impact on road surface.
Lateral grooves help the tyres 'floating' performance.

Re-engineered tread design :

Improves overall mileage

Reduces tread cutting, chipping and chunking

Reduces rolling resistance
